- Resistant to low pressure

The 104 St Sa A B E model is distinguished by its dark-blue dial with sunburst decoration. This elegant colour complements the anodised aluminium pilot's bezel. It imparts a special charm to this limited-edition timepiece (limited to 1,000 units) from the range of classic pilot watches. We have attached the pilot's bezel securely to the polished stainless-steel case. As a harmonious contrast to the blue colouring of the dial and pilot's bezel, the indices, hands and numerals have an ivory coating – a colour accent that immediately invokes memories of historic pilot watches. In its overall appearance, however, the 104 St Sa A B E still conveys a modern impression, including through its functional character. Accordingly, it is resistant to low pressure and pressure-resistant up to 20 bar. The stylistic 'Eine von 1000' (one of 1,000) limited-edition marking on the rotor complements the watch perfectly. The 104 St Sa A B E model comes with two canvas leather straps.
