

142 St II

The new space chronograph.

- Case made of stainless steel, bead-blasted
- 60-minute stop function from the dial centre
- Interior pilot's bezel
- Hand date
- 24-hour display
- Sapphire crystal glass
- Transparent back made of sapphire crystal glass
- Pressure-resistant to 10 bar (= 100 m water depth)
- Low pressure resistant

A giant leap for SINN: our model 142 was the first automatic chronograph in space - and proved its reliability even in the weightless environment of a space ship. The limited anniversary edition of 2005 was followed by a new design. Model 142 St II captivates its wearers with the symmetrical dial display featuring a 60-minute stopwatch at the center, and permits an unimpeded view of the movement as standard for the first time.
