- Display of three time zones on a 12-hour basis
- Sapphire crystal
- Transparent case back made of sapphire crystal
- Column wheel chronograph, exquisitely decorated
- Rotor engraving of the Frankfurt skyline
- Appliques attached by hand, glossy blue
- Water-resistant and pressure-resistant to 10 bar
- Low pressure resistant

The special edition 6099 Anniversary, limited to 250 pieces, embodies timeless elegance, technical sophistication and a special connection to the city of Frankfurt, where the company has its headquarters. Even a glance through the sapphire crystal reveals the noble attributes of this special edition: It provides a clear view of the galvanised silver-plated dial with a sunburst decoration - a design that has been implemented for the first time in this model series. The framing of the hour and minute hands and the hand-applied appliques in glossy blue - another first for the Frankfurt Financial District Watches - lend the overall appearance of the dial an impressive and fresh look. A glance at the finely finished movement through the transparent case back made of sapphire crystal reveals the artful mechanics of the column-wheel chronograph - a sophisticated complication whose tradition dates back to the mid-19th century - as well as the rotor engraving of the Frankfurt skyline with an individual limited edition number. The display of the three time zones on a 12-hour basis makes it possible to keep an overview at all times in a globalised and networked world economy. For all its aesthetics, the watch is also extremely robust: it is water-resistant, pressure-resistant up to 10 bar and low pressure resistant.
