

## 956

## Der Rallyechronograph.

- Case made of stainless steel, polished
- Double tachymeter scale around the dial includes both the range from 30 to 60 km/h as well as the high speed range from 60 to 500 km/h
- Power reserve indicator
- Sapphire crystal glass
- Transparent case back made of sapphire crystal glass
- Pressure-resistant to 10 bar (= 100 m water depth)
- Low pressure resistant
- 

Precise, indestructible mechanics integrated in a timeless, aesthetic design – a common denominator that unites aficionados of classic cars with connoisseurs of fine watches. Our 956 series is a highly functional, durable chronograph with a look that accurately recalls the style of the traditional dashboards in classic cars. All of the features of this watch series – from the functional details to the appearance – were designed with automotive concepts in mind. As in the world of automobiles, the Sinn 956 shows how long it can keep running: the additional integrated complication for the power reserve indicator is designed to look like a fuel gauge, of course. The double tachymeter scale around the dial includes both the range from 30 to 60 km / h which is so important for the classic car rallies, as well as the high-speed range from 60 to 500 km / h. For all its technological sophistication, the Sinn 956 also offers the reliable durability of traditional mechanical workmanship: it is shock-resistant and anti-magnetic, well-protected by a solid stainless steel case and scratch-resistance sapphire crystal glass against all the rigors of demanding use under tough conditions. Thus, even a drive in a roadster through a violent thunderstorm won't faze a SINN 956.

## SINN SPEZIALUHREN GMBH

Wilhelm-Fay-Straße 21 • 65936 Frankfurt am Main • Tel. +49 (0)69 978414-0 • Fax +49 (0)69 978414-201 • info@sinn.de • www.sinn.de

# Technical details

## Mechanical Movement

The information on the mechanical movement corresponds to the current production situation in Frankfurt am Main. Due to technical changes, it may happen in individual cases that stock items of our sales partners deviate from this information.

- Valjoux 7750
- Self-winding mechanism
- 25 bearing jewels
- 28,800 semi-oscillations per hour
- Seconds stop function
- Shock resistant as per DIN ISO 1413
- Anti-magnetic as per DIN 8309

## Case

- Case made of stainless steel, polished
- Sapphire crystal glass in front, anti-reflective on both sides
- Transparent case back made of sapphire crystal glass, anti-reflective on the interior
- Case back screw-fastened
- Crown screwable
- Meet the technical requirements for waterproofness, as set out in standard DIN 8310
- Pressure-resistant up to 10 bar (= 100 m water depth)
- Low pressure resistant

## Functions

- Hours, minutes, subsidiary seconds
- Date display
- Power reserve indicator
- Chronograph
- Tachymeter scale

## SINN SPEZIALUHREN GMBH

### Dimensions and Weight

- Case diameter: 41,5 mm
- Band lug width: 22 mm
- Case thickness: 15 mm
- Weight without strap: 92 gramme

### Dial and Hands

- Matte black dial
- Numbers coated with luminescent colour
- Hour and minute hand coated with luminescent colour

---
